Fondazione Aurora

Support to the training of 27 female community healthcare workers in Mozambique and 30 in Malawi, through a 634-hour e-learning course. The project involves members of the Mozambican and English-speaking diaspora, also promoting job placement.

Alliance for Adult
Education

The Foundation contributed to the realisation of the course, the translation of the lessons, and the elaboration of subtitles in English and Portuguese, by employing members of the Mozambican and Nigerian diaspora in Italy and thus enabling their employment as translators of e-learning lessons for social and health training.

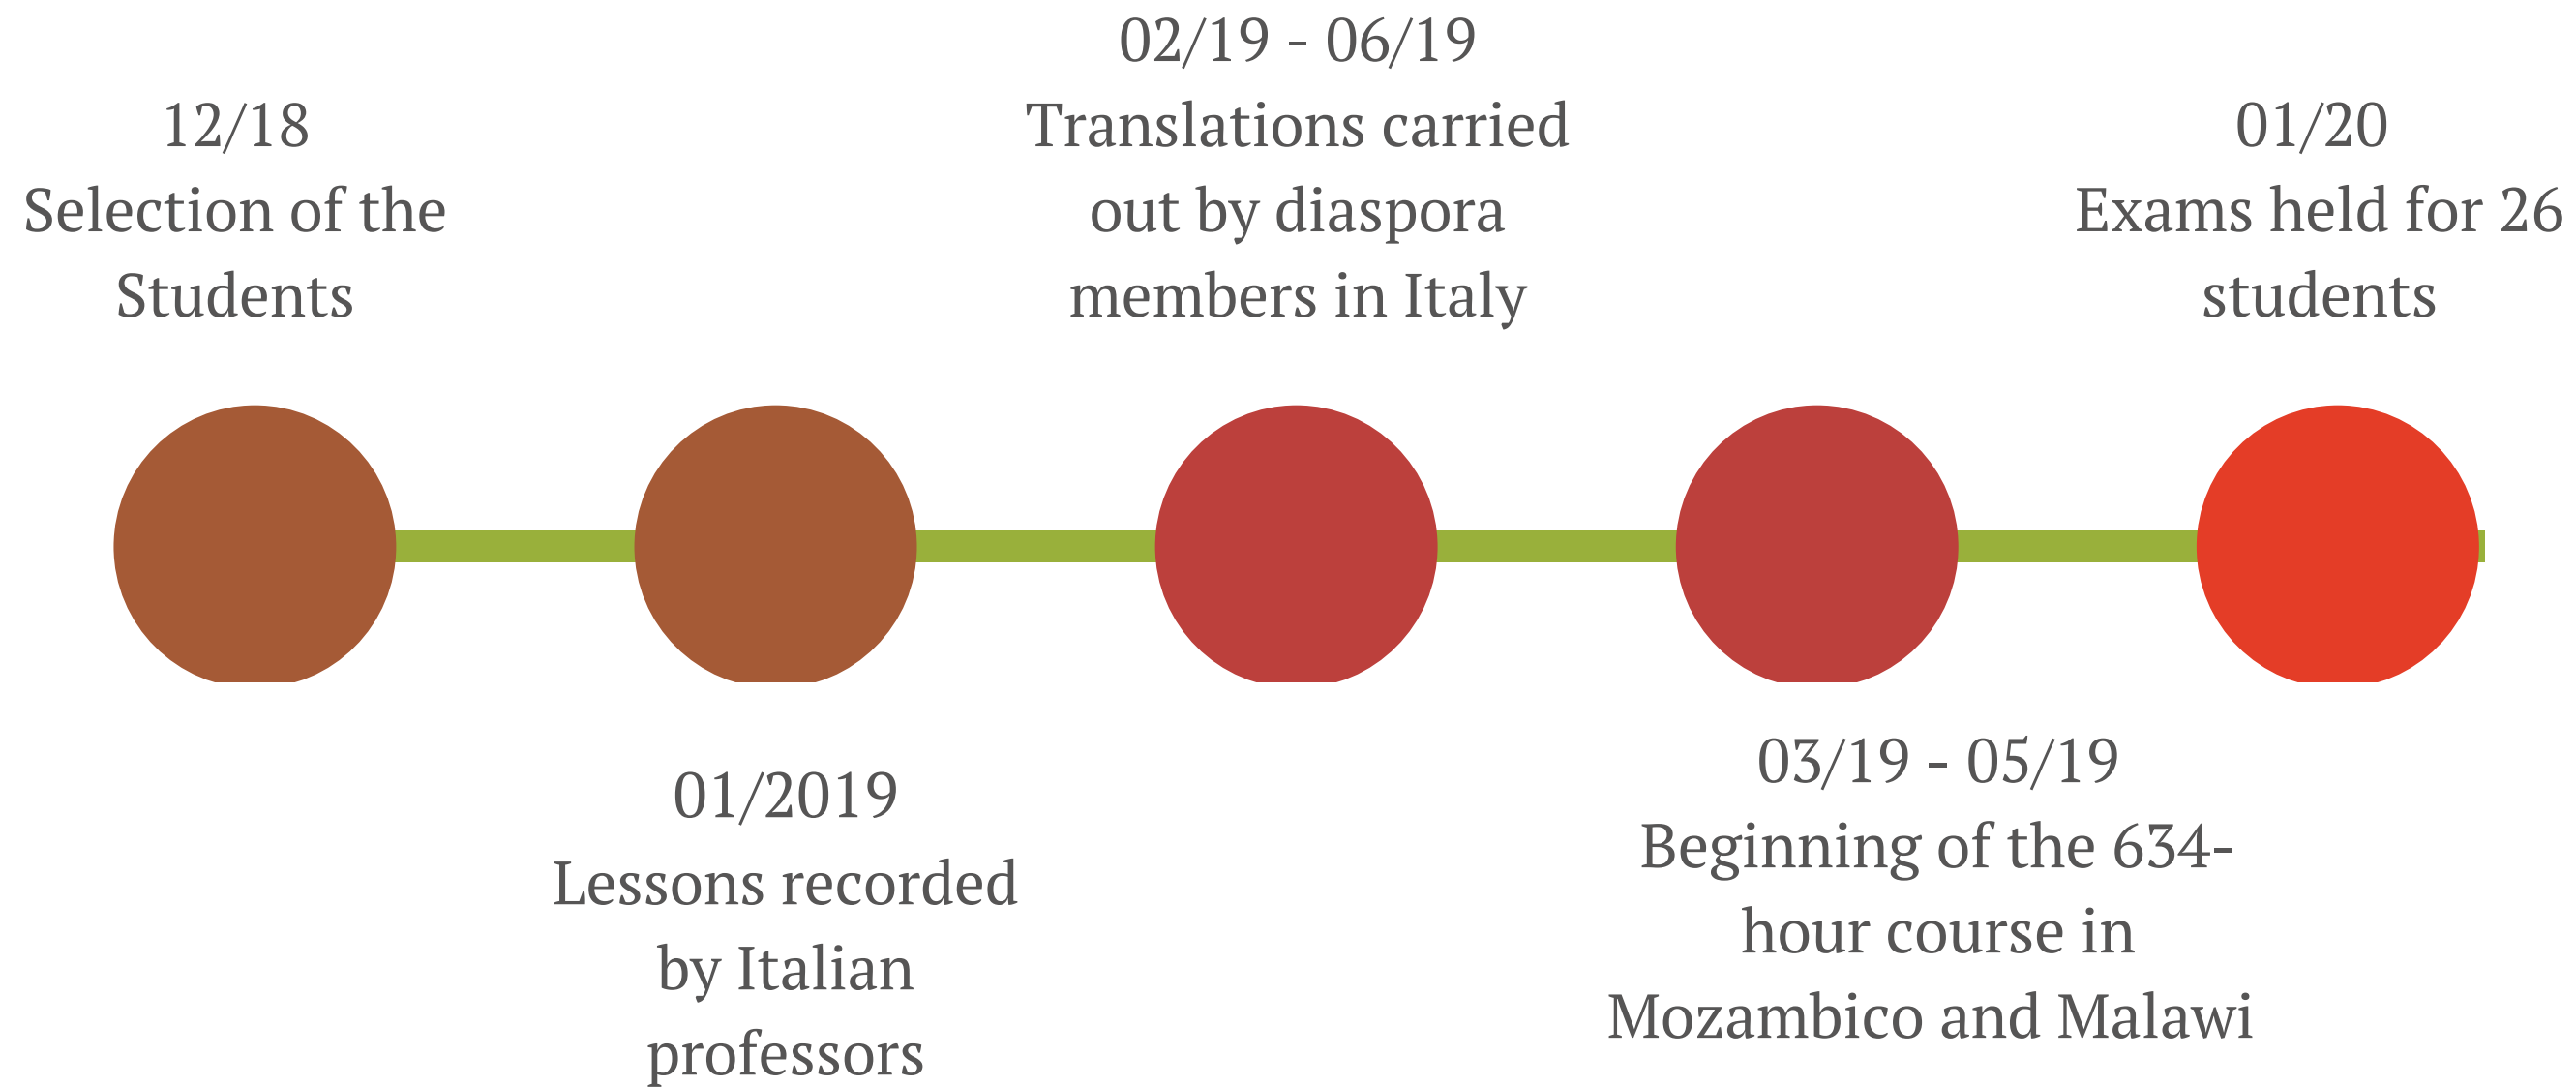

Contribution to employment

**Eur-African
Alliance for
Adult
Education**

- Promotion of the inclusion of diaspora as active subjects for international cooperation projects
- Identification of Mozambican and Nigerian diaspora members to carry out Portuguese and English language translation by putting subtitles to the produced videos
- Coordination with the Comunità di Sant'Egidio in Italy, in Mozambique, and in Malawi for material suitability
- Realization of translations in Italy of the 634h e-learning course handouts for healthcare workers (mostly women between the ages of 18 and 35) in Mozambique and Malawi
